

Dear Nurse

### **Glaucoma NZ - Professional Education Programme 2010**

Glaucoma NZ invites you to enrol in the GNZ's Professional Education Programme for 2010. The Programme is appropriate for all nurses working in eye health care. It involves up to sixteen hours commitment over the year, is suitable for nursing professional portfolios and is online so you can progress at your own pace.

The Programme is largely case-based, comprising a series of seminars based on clinical case studies, and Glaucoma Updates reviewing recent glaucoma literature. The seminars cover a planned programme of topics which will link academic knowledge with practice. As well as questions and answers to accompany each case, there is an academic discussion of the important features of the case described.

**In addition, 5 of the 10 cases are in areas of therapeutics involving the use of medications other than glaucoma drops. These cases will be in areas that affect the glaucoma patient and require a broader approach to management such as, the use of steroid eye drops, allergic eye disease, and dry eye.**

Glaucoma NZ will provide a Certificate of Participation or a Certificate of Achievement depending on whether or not you sit and pass the multiple choice examination posted on the site early September.

Course materials will be accessible from mid-March through a log-in and password to the Professional Arena section of the Glaucoma NZ website [www.glaucoma.org.nz](http://www.glaucoma.org.nz).

The subscription fee for the Programme is \$250 (incl GST). A discount is available when more than one enrolment is received from the same practice/clinic (\$225 incl GST).

The following methods of enrolment and payment are available:

- **On-line** - [www.glaucoma.org.nz](http://www.glaucoma.org.nz) (click Professional Education tile) – payment by credit card or direct credit.
- **Post** - Download the enrolment form and post together with your cheque.
- **Fax** – Download the enrolment form and complete the payment details.

The Trustees of Glaucoma NZ are committed to providing the best professional education possible and look forward to a continuing relationship with you, as we work together towards the shared goal of better eye health for all New Zealanders.

Yours sincerely

Professor Helen Danesh-Meyer  
**Chair, Glaucoma NZ**

**On behalf of the trustees of Glaucoma NZ**
